

**Press Release – Thursday 20 February 2020**

**Classification of the Crus Bourgeois 2020**

**Château Le Crock Cru Bourgeois Exceptionnel**

*Château Le Crock, Saint-Estèphe*

*“We are thrilled to announce that Chateau Le Crock has just been distinguished as a Cru Bourgeois Exceptionnel within the latest classification of the Crus Bourgeois 2020.*

*Our Family has always had close ties to the Crus Bourgeois, ever since Max Cuvelier contributed to the creation of the first syndicate in 1962.*

*Chateau Le Crock holds a very special place in our hearts. Not only was it our Family’s first acquisition in Saint-Estèphe, Médoc in 1903, but it also represents the cradle of our Family’s anchorage to this illustrious land where we have spent our summers since childhood.*

*This accolade, as discerned by the classification, comes as a reward for over 100 years of relentless commitment to the quality of our wines so that each bottle is uniquely stamped with the singularity of each vintage. Conscious of the challenges ahead, we are actively pursuing methods to minimize our impact on the environment and help embellish our exceptional terroirs, which allows our plots of Cabernet Sauvignon, Merlot, Cabernet Franc and Petit Verdot to flourish.*

*Originally from the North of France, we have always strived to welcome our guests with open arms. Wine tourism is a fantastic opportunity to share our sense of hospitality, and the diversity and quality of our wines. Enjoyed in the stunning setting of our historic Medoc property, our approach is both fun and educational.*

*We would be delighted to welcome you ‘au Crock’- as, without you, dear friends and ambassadors of our wine, the light would not shine so brightly on our work and the taste would certainly be less sweet.”*
